

November 6, 2014

The Groton City Council met on the above date at 9:22am at City Hall for a special meeting regarding airport regulations with the following members present: Opp, Glover, Muilenburg, Blackmun, Flihs and Mayor Hanlon presiding. Councilman McGannon was absent. Also present were: Finance Officer Lowary, and Paul Kosel.

Jason Engbrecht, SD Dept of Transportation, met with the Council to discuss concerns regarding the Groton airport. Since the runway does not currently meet length and width regulations, Groton had been removed from the South Dakota listing and the FAA did not plan to certify it as an airport. The runway will be brought back to original length before the flooding. The renter will be notified to not plant crops as close to the runway as this year. New markers will be ordered. Approval will be sought from the FAA for the Gengerke bins in the airport air space. Brown County will be notified of need to notify Groton City of any building permits in a three mile radius of the airport.

Meeting adjourned.
